## REPUBLICANS HOLD MASS MEETING

### Crupper and Slemp Indorsed For Delegates to National Convention

### DELEGATES NAMED

**J. A. Eggborn Indorsed For Delegate From 8th., District and Thos. H. Bayne Presidential Elector**

At a mass meeting of the republicans of this city held last night in the auditorium of the chamber of commerce resolutions were adopted indorsing C. Bascom Slemp and Joseph L. Crupper, delegates at large from Virginia to the national convention and J. Armistead Eggborn delegates from the eight district of Virginia to the convention and Thomas H. Bayne, elector from the eighth district.

Joseph L. Crupper and F. Clinton Knight were chosen delegates to the state convention which will meet tomorrow in Roanoke and Kemp Rush and Capt. Fountain Beattie were named as alternates.

The following were chosen city committeemen: First ward—Charles A. Dean, Norman Jenkins and Kemp Rush; second ward—Martin E. Greene and Spencer A. Forrest; third ward—L. O. Hardin, J. A. Eggborn, and D. W. Wolford; fourth ward—F. Clinton Knight, Charles F. Downey and Albert S. Schlag.

The following were chosen delegates to the district convention which will meet in this city April 15: John U. Schwarzmann, J. A. Eggborn, C. Wolford, Charles A. Dean, Thomas H. Bayne, Kemp Rush, Samuel A. Haslett, F. Clinton Knight, Capt. Fountain Beattie, William Chauncey, William A. Jolly, Maury W. Gaines, Norman Jenkins.

The meeting was called to order by Thomas H. Bayne, who was chosen temporary chairman and an organization was effected with the re-election of John U. Schwarzmann as city chairman and David E. Robey as secretary.

A letter of thanks was directed to be sent to Prof. J. H. Dodge, Manassas, Va., complimenting him on the showing he made in the recent race for the state legislature.

W. R. Merriam, former governor of Minnesota, who now lives in Fairfax county, below Alexandria, addressed the convention. He said he never knew a time when the republican party was needed so badly as it is today to handle the affairs of the country. The party he said never lost except when their was a division among its members. This time he asserted there are half a dozen candidates any of whom would make good presidential timber.

D. W. Wolfold spoke on the need for the republican party to handle the affairs of the government at this time.

At the conclusion of the meeting a republican club was formed with about twenty-five members on its roster.

### OPPOSE CHURCH UNION

**Members of North Mississippi Conference Organize League to Fight Unification**

Memphis, Tenn., March 16.—The Southern Methodist League was organized at a meeting of laymen and ministers of the North Mississippi Conference of the Methodist Episcopal Church, South, at a meeting here last week, to oppose unification with the Northern branch of the church, which was agreed upon recently at a conference of a joint commission at Louisville.

Resolutions adopted deplored the action of the majority of the Southern Church's commission on unification and urged preservation of the autonomy of the Methodist Episcopal Church, South.

Officers and an executive committee were chosen, and it was decided to organize chapters to support opposition to unification throughout the section in which the Southern Church is active.

Judge J. H. McGowan, of Water Valley, Miss., one of the Southern church's commissioners at the Louisville meeting, in an address, denied published reports that the unification report was unanimously adopted, declaring he and five colleagues voted against it.

### DRY STATE OF AFFAIRS

**Gompers Assert That Majority Must be Governed by a Fanatical Few**

Trenton, N. J., March 16.—A presentation of labor's cause against men in public life was made by Samuel Gompers, president of the American Federation of Labor, at a labor mass meeting held here Sunday under the auspices of the Mercer County Central Labor Union. He declared that the men in office who have not carried out labor's wishes should be "elected to a vacation."

Referring to prohibition, the speaker said there was little doubt as to what would happen to the eighteenth amendment if it were submitted to the people. In his journeys through the United States, he said, he had yet to come in contact with any one who did not "damn prohibition up hill and down dale."

"I have not met one man," he said "who has said to me that he was in favor of prohibition just as it stands today. We are the object of the ridicule and contempt of the people of other countries who cannot understand why 100,000,000 people have been subjected to the wishes of a few fanatics who have attempted to make people good by law."

### THE PRESENT POPULATION FIGURES ARE NOT FINAL

Washington, D. C., March 16.—So many inquiries relating to the Fourteenth Census population figures, now being made public by the Census Bureau, have been received from publishers of almanacs, school books, atlases and other publications intended for permanent records that Sam. L. Rogers, Director of the Census, has issued a statement pointing out that the figures now being given out are but preliminary and are subject to correction.

"The population figures now being compiled by the Census Bureau, and which are being publicly announced as rapidly as possible, are but preliminary in their character," stated Director Rogers.

"Those who intend to print the population figures of our cities and towns in almanacs, school books and other publications intended for standard or permanent use should bear this fact in mind."

"At a later date the Census Bureau will announce from time to time the final and official population of each state, city, town, county, township, or other minor civil division, and it is expected that the official population of the United States by states will be promulgated, and thus be ready for certification to Congress, some time in October.

"It may well be that the figures which we are making public at this time will turn out to be the correct and official figures for many if not most of the different subdivisions. However, I want to call the attention of everyone to the fact that the figures we are announcing at this time are preliminary and are subject to later correction.

"The publisher who prints these preliminary figures in permanent records is running the risk of not printing the accurate and official results of the 1920 Census."

## GERMAN REVOLT IS SHORT LIVED

### Junker Movement Dies in Forty-Eight Hours

### PEACE IS EFFECTED

**Revolutionary Chancellor Renounces Formation of New Ministry—Militarists Surrender.**

Berlin, March 16.—The militarist revolution has collapsed

Dr. Wolfgang Kapp, its chief organizer and self proclaimed imperial chancellor, has stepped aside to let Friedrich Ebert resume the national presidency.

In the midst of nation wide bloody rioting the new and the old regime negotiated all day and finally came to an agreement by which Dr. Kapp abandoned his usurped powers and Ebert resumed the reins pending election of a new national assembly (Reichstag) and a new national president within two months.

In the meantime the old Ebert government is to be reorganized. Inclusion of ministers representing the Kapp-Luettwitz movement is believed to be one of the conditions stipulated in the agreement. Dr. Kapp negotiated on behalf of the militarists, while Gustav Noske aided Ebert in the pourparlers.

The collapse of the Kapp-Luettwitz regime is a victory of the striking working masses on the one hand, and anti-Prussian southern states on the other.

### BRYAN'S ITINERY

**Commoner Plans to Speak From Coast to Coast—Would Head Democratic Ticket**

Palm Beach, Fla., March 16.—William Jennings Bryan, according to friends with whom he has lately conferred, is ambitious to head the Democratic national ticket this fall, and, failing in that, to control the San Francisco convention and name the candidate for the Presidency.

This view is supported by his statements in an interview obtained from Mr. Bryant last night on a train en route to Washington, where he is due to arrive today as well as his announcement made at Lincoln, Neb., that he will be willing to consider nomination for the Presidency under certain circumstances.

"I am starting on a tour that will include Washington, New York, Boston, Indiana, Illinois, Nebraska and Los Angeles" said Mr. Bryan on the train. "My first speech will be made at a dinner tendered me in New York Friday by my Democratic friends. I will be out in Nebraska, where I am a candidate for delegate, in time for the primaries on April 20, and then I am going to California."

### SUPER MONSTER GUN

Paris, March 16.—A monster gun with a range of more than twice that of the famous "Big Berthas," used by Germans to bombard Paris has been invented by the French engineer Delaware." The first of the new type has been constructed in the Belgian national foundry at Liege and has astonished artillery experts by its marvellous properties. The speed of the projectile is increased forty per cent by the new devices employed, it is stated.

### FIND BODY IN BARN

**Tennessee Sheriff is Now Searching Surrounding Territory for Missing Husband**

Chattanooga, Tenn., March 16.—The body of Mrs. Laura Vaughn, 29 was found in a deserted barn in a field near Bushtown, a negro settlement at the eastern outskirts of the city, at 9 o'clock Sunday morning, and officers are searching for her husband, John Vaughn, who is accused of the murder.

The woman's face and neck were badly bruised and marks about the throat indicated that she had been strangled to death. Sheriff's officers, who made the investigation, say that Mrs. Vaughn was murdered some time Saturday night in a field near the barn where the body was found, and then carried to the building and thrown in, the ground outside showing evidence of a struggle.

Sheriff Robert P. Bass stated that he has found an eye witness to the murder and that there was no doubt as to the guilt of the woman's husband. The couple had been separated for some time, but are said to have been seen together during the day Saturday.

## BIG STYLE SHOW IT OPENS TOMORROW

### Bells and Whistles to Let Loose at 10 a. m.

### PARADE AT 7 O'CLOCK

**Many Floats to Take Part—Expected Thousands Will Line King Street—Merchant Ready For Event.**

With windows in all parts of the city veiled from the prying eyes of premature sightseers, Alexandria today presents a very ghostlike and bizarre appearance.

The city's first universal style show, slated to start at 10 o'clock tomorrow morning is the occasion for all the secrecy and display men in the various stores have been working day and night getting ready to make Wednesday, Thursday and Friday three days that will be long remembered in the city and assure the future of coming seasonable displays.

When the whistles at the Potomac Yards, the Virginia Shipbuilding Corporation, and the bells of the fire department begin an unearthly clamor at 10 o'clock tomorrow morning, all are requested to sit tight and not go into hysterics, thinking that some dire calamity has hit Alexandria. This will be only the signal that the big style show is on and will mean the tearing down of the veils from the windows of the stores taking part in the big affair.

At 7 o'clock tomorrow evening, the fun is slated to begin in earnest, and it is expected that thousands of persons will witness the parade of Alexandria's first style show.

Headed by a platoon of the "City's Finest," spic and span in their Sunday uniforms, the big parade and display of new automobiles, trucks, floats and private vehicles, will start from South Fairfax street promptly at 7 o'clock tomorrow evening.

Claude W. Fletcher, of the Fletcher Motor Company holds the post of honor in the parade. as chief marshall. He has selected as his aides, Kenneth W. Ogden, C. Page Waller, and Herman Friedlander.

The Indian Guard Band will furnish music for the parade. The line of march is as follows:

Formation of parade follows: Form on South Fairfax street, move north on Fairfax to King, west on King to Payne, south on Payne to Commerce, and then countermarch on King to Fairfax where the pageant will disband.

Every person wishing to take part in the parade is requested to be in line not later than 6:30 o'clock. After that hour no one will be permitted to get in the procession.

A large number of new automobiles, trucks, tractors and floats have been entered for the parade and others are expected to follow. Plenty of red fire has been provided for lighting purposes and together with the high-power headlights of the cars the parade is expected to present an imposing spectacle.

At 7:15 o'clock, Thursday evening March 18, the stores of the city, gorgeously decorated in spring attire will be thrown open for the benefit of the sightseers. Nothing is to be sold in the store between the hours of 7:15 and 9 p. m., the entire time being given over to the display of merchandise. Living models, music and other attractions will feature the evening's entertainment.

### WANT CLUBHOUSE

**Master Mason's Club Present Proposition to Andrew Jackson Lodge**

Members of Andrew Jackson Lodge of Masons last night received the members of the Master Mason's Club, this city. On this occasion the membership drive launched by the Master Mason's Club for the purpose of erecting a new clubhouse was presented. The Master Mason's Club desires the active support and asistance in expending the finances for its construction.

It has been felt for a long time that a proper and well appointed club house where the Master Masons of this city could meet in social and fraternal intercourse, where noted visitors to the historic lodge room in this city could be properly entertained was a necessity, but in view of the assurance of the construction of the Masonic Memorial Building to be erected on Shooters Hill in the near future, such a clubhouse is more than ever desirable.

The membership drive of the Master Mason's Club contemplates the establishment of a charter membership roll which will have a minimum of two hundred signers as the requisite number required to make this project an assured success financially. This matter was brought formally on behalf of the Master Masons Club to the attention of the lodge last evening by the president of the club, C. Page Waller; J. E. W. Timberman, vice-president, F. P. Hall, chairman of the board of governors, R. M. Much one of the board of governors and other members of the club and explained in detail. The plan was enthusiastically received and indorsed by all the members of the lodge present and a large number pledged their subscription last evening, and over half the requisite number of names have now been subscribed.

As this movement is practically just started, it is felt that this enthusiastic response last night indicates that the project is assured of success and that the Masonic fraternity in the city will be the proud possessor of a modern, well appointed and finely equipped clubhouse, in the very near future.

### HIBERNIANS TO CELEBRATE

St. Patrick's Day will be celebrated tomorrow evening by Alexandria Division No. 1, Ancient Order of Hibernians with an entertainment of Irish song and story which will be given at the residence of Mrs. George Murray, Virginia Highlands. At the conclusion of the program an oyster supper will be served. Members of the order who will participate will leave on the 7:40 o'clock car for that place.

### IN MEMORIAM

MUMFORD—In sad but loving remembrance of my dear wife, Eliza Mumford, who passed away four years ago, March 14, 1916.

"Forget thee, it is a bitter word,
I wish it were unsaid,
Forgetfulness is not of life,
But with the silent dead."

The flowers I placed upon her grave
May wither and decay,
But love for her who sleeps beneath
Will never fade away."

I have missed you, how I've missed you,
God in heaven only knows,
But I only hope to meet her,
When my journey here shall close.

Loving husband,
Richard J. Mumford.

You don't know the sorrow to be left alone,
Until God sends a message to your home,
It's sad when he calls for one or the other,
But saddest of all when he calls for your mother.

65-1p. Her daughter.

# Easter! Get ready

The Robin is whetting his throat and brightening his vest. The buds are getting ready to unfold. Here and there a blade of grass is about to "bust' forth from the warm dark loam. Why?

Because Easter is coming—Spring—the starting anew of the world's life, including the human hearts and spirits and ambitions.

Easter means shedding winter's gray garb—tuning up to the wonderful days ahead A man's way is to step forth in new attire.

## Kuppenheimer good Clothes

express your "Springy" feeling properly. They are nice in their American fashion—they are earnest in their quality of material and workmanship. And they are true in their wear-worthiness.

Kuppenheimer good clothes are an investment—not only because they wear longer and wear properly, but they give your personality a right interpretation. They are proper companions to reflect yourself to the world that you mingle with.

Typical American clothes—and we are mighty glad to have men know that we sell them.

Classic No. 18—

The nick in your collar is a relic of the Seventeenth Century. In those days when the upstanding double collar was the vogue the broad lapels would not lie flat, unless the collar was nicked. The style of coat collars has been altered often since then, but the notch or nick has remained.

# Spring Opening

**Never was a curtain lifted on a more beguiling assemblage of a new season's modes than are now being presented here for the first time**

# The Style Show

**Offers us the opportunity of presenting fashion in interpretations so lovely, so alluring and so original as to satisfy, we are sure, even the most jaded fancy**

**NOVEL LINES IN SUITS OF SPRING**

While greater than usual vogue is predicted for the tailleur, this Springtime exhibit offers much diversity in more elaborate styles, too. To look beautiful is nice. Ah, but to look young that is every woman's ambition and one that Fashion shows her approval of by offering the Bendheim Suits. The extremely modish are ripple effects and bloused jackets Skirts—and quite often jackets, also—evince a decided preference for accordion pleats. Prominent among the fabrics are homespuns serges and tricotines

**COATS OF MARKED INDIVIDUALITY**

There is no need to look further than this display for all the season's most fetching modes are here. The short sport coat with loose rippling back, is undeniably a favorite. Just as alluring, however, is the longer utility garment which intrigues one's fancy with its full back blousing at a low waistline and panel effects.

**THE VOGUE IN FROCKS FOR DAY AND EVENING**

Like "miniature Niagara Falls," many of the smartest Afternoon Frocks of silk offer bouffant draperies in veritable cascades over each hip. Others achieve the wide-just-below-the-waist silhouette by clever cartridge pleats, unique outstanding pockets or quaint ruffle effects. Delightfully modish for street wear are the modes of tricotine and serge. They lean markedly toward Balkan lines. Waistlines on these Spring Frocks vary from the normal to just-below-the-hip types. Those socially inclined will rejoice in the glistening, vividly colored Evening Gowns with their coquettish wee sleeves and full hips.

**Neckwear**—The day of jabots and frilled effects is here and most of these delectable presentations are developed of the sheer, supple materials such as nets and organdies because they may be pleated with much facility.

**Hosiery,** Gloves, Veils and Handbags—each item may be chosen here, from a representative display, with absolute assurance of correctness and quality. Varieties are such that choosing becomes a pleasure—not a duty.

**BLOUSES AND SKIRTS LEAGUE THEMSELVES WITH FASHION**

From the pleated Basques to the faultlessly tailored models, this showing runs the entire gamut of Blouses, Slipover, peplum, frilled and full, much bloused kimono styles—all distinctive in fashioning—will surely make you want to select them in numbers. One thing that you will notice is the great number of brief sleeves which prevail. The skirts oftimes echo the fabrics of the Blouses. At other times, they are developed of rich plain or plaid woolens, but always, as inspection of these modes will prove, they are ultra-modish and different. Jabot draperies are also important features.

**Bendheim's**

The local lodge of the Brotherhood of Railway and Steamship Clerks and freight handlers, express and station employees, with a membership of about 1,300 men and women at a meeting in Roanoke Saturday adopted a resolution pledging themselves to confine their individual buying "to a minimum and to refrain from purchasing any goods or materials not absolutely necessary to the well being of the purchaser." This action was taken, officials of the organization declared, to "counteract the unwarranted profits of producers, middle men and retailers."

## No Other Light Car Offers So Much

Unusual power and control, quick pick-up and extraordinary acceleration to real speed, are features inherent in the Cleveland Six and features with which Cleveland owners are delighted.

Many a Cleveland Six owner has said, "It would be hard to tell you what a good car the Cleveland honestly is. It's wonderful."

The Cleveland is wonderful because it is a splendidly developed and finished product, not a car rushed into the market. Three years ago the plans for production of this car were far advanced. But, with war approaching, production and marketing were delayed though experimental and engineering work were continued and test cars kept on the road. When war ended, came the Cleveland.

Built in a fine big factory, with all conditions and equipment assuring the very best of manufacture, and built by men whose successful experience had been wholly in the production of fine cars, the Cleveland Six began rolling out to the world last August. Since then thousands have gone to delighted owners, and thousands more are going every month.

There isn't any other light car that will give you so much of all that you wish, and at such a fair price.

# Free Yourself of The Housework Grind

Bring a little sunshine into your house—take away the bugaboo of spring housecleaning and keep your women folks in excellent humor from one season to another.

Let our electrical appliances shoulder the burdens of housecleaning time.

The CRYSTAL will do your washing more quickly—more cheaply—than any laundry—and the APEX will do your cleaning under the same guarantee. These two work together for the ultimate benefit of the woman of the house and will more than pay for themselves in the saving of labor and energy.

The APEX keeps the polish on the furniture by getting the gritty dirt before the dirt mars the polish. Not only does the Apex absorb the easily-seen dust and dirt, but its inclined nozzle gets clear into the corners; it cleans right up to the baseboards; it pokes under heavy furniture.

The APEX saves hours of time for other duties and recreations.

Let us install these two labor savers in your home today. We will let you give them a fair trial. Then, if you are not satisfied, you need not keep them. If you like them, we will arrange terms.

## VIRGINIA NEWS

Richmond faces an increase in gas and water rates.

Appointment of a committee on redistricting the State and reapportionment of senators and delegates was one of the last official acts of the presiding officers of the two branches of the general assembly.

Thomas Lomax Hunter will not run for lieutenant governor, he has announced. He is a member of the Virginia house of delegates from King George county. Dr. B. F. Noland, veteran member of the house from Loudoun county, also announces his intention not to stand for re-election.

The Old Point Comfort Improvement Company, owners of the Chamberlin Hotel, destroyed by fire recently, will not rebuild a hotel at Fort Monroe. This statement is based upon a letter received in Hampton from William B. Duncan, president of the company, in relation to the proposed action of the company.

The house of delegates Saturday evening took up senate bill 148, known as the Cocke liquor bill, which proposed to provide for the acquisition, manufacture, sale and distribution by the commonwealth of whisky, brandy and wine for medical purposes, and killed it without debate by the vote of 51 noes to 22 yes.

### NOTICE

Notice is hereby given that in conformity with the provision of an act of the General Assembly of Virginia approved March 10, 1916, (Acts 1916, Chapter 146, pages 219 to 224), the undersigned will on the 16th day of April 1920, apply to the Corporation Court of the City of Alexandria, for a license to purchase, store, and sell wine for sacramental purposes, pure whisky and pure brandy and pure fruit, ethyl, and grain alcohol for medicinal, scientific, mechanical and pharmaceutial purposes; and to purchase and use ardent spirits and alcohol for the manufacture of flavoring extracts, toilet, medicinal and antiseptic preparations or solutions, and patent and proprietary medicines, as provided in the said act of the Assembly.

As the result of obtaining from the New York courts a decision declaring him sane, John Armstrong Chaloner has participated to the extent of $200,000 in the benefits accruing from the sale of large realty holdings in New York City, formerly owned by Henry Astor. Chaloner is one of Astor's eighteen heirs inheriting the properties which commanded a price, it is said, of $5,000,000. Already wealthy, Chaloner has willed his country estate, "Merrie Mills," near Charlottesville, Va., to the University of Virginia.

By a vote of 21 to 7, the Senate Friday night passed House bill 144, reducing the maximum tax which counties and cities may impose upon shares of bank stock, from $1.25 to $1.00 on the $100 worth. The State tax of 25 cents remains at that figure.

J. M. Moser, Jr., for five years night clerk in the Danville postoffice, is under $1,000 bond for his appearance before the Federal grand jury, charged with removing from the mail marked money sent in decoy letters. He is specifically charged with taking a $5 bill from one letter and three $1 bills from another. J. E. Robertson, a postal inspector who put the letters in the mail, was standing in the secret tunnel in the postoffice and peering through the traps when the alleged defalcation was made.

Without debate, the Senate Friday night took up the bill imposing a license tax of $350 a year on pilots operating in Virginia, dispensed with the constitutional reading and passed it. This was reported from the Committee on Finance as a substitute for the bill recommended by the Governor imposing a tax of 5 per cent of gross earnings of pilots. The chief executive estimated that this rate of taxation would yield from $75,000 to $100,000 a year from about 30 men. Under the bill passed the revenue will be from $10,000 to $15,000.

Approximately 20,000 income tax returns remain to be filed R. C. L. Moncure, Collector of Internal Revenue, announces. About 22,500 taxable incomes and 8,000 notaxable returns had been filed up to closing time Saturday night. Unavoidable absence or illness will be the only excuse for not filing returns.

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

**How a Man Can Dress Better —And At a Lower Cost**

*The Way To Wear Good Clothes*
*At An Outlay You Can Afford*

YES, the dollar has shrunk and clothes cost more than in the old days. That, we must frankly face.

No use trying to evade it by paying a lower price than good clothes can be sold for. The [illegible] world most of [illegible] "run-down-at-the-heel" appearance.

BUY good clothes and nothing else. Good clothes honestly made of all-wool fabrics. Then give them all the service that the maker has built into them.

Don't wear the same suit day after day. Have several suits and change them frequently.

All of them will wear much longer. See that your clothes are properly put away on hangers—even over night. Have them brushed often and pressed regularly.

IT IS amazing how Kirschbaum Clothes respond to such care. The all-wool fabrics keep their freshness and full color. The shape stays because it is put into the garment stitch by stitch. The smart well-groomed lines are there right up to the very last.

Wear Kirschbaum Clothes. Give them the care their good quality deserves. It means money in your pocket; better looking clothes on your back!

**Kirschbaum Clothes**
You will find them here in the new styles and fabrics for Spring and Summer—priced at $50 to $75.
